

Online Bank Transfer

Computop provides more than 150 payment methods including SafetyPay. As an online transfer process available on three continents, SafetyPay gives retailers a presence on important markets with just one payment solution. The USA, Canada, Brazil, Germany and Spain are just a few of the countries

available; in Latin America, SafetyPay is one of the most common payment methods in general. There is no registration necessary for the buyer – they pay via their usual bank account. The retailer is informed immediately after the payment is carried out, and can dispatch the goods promptly.
