

eWallets

Computop provides more than 150 payment methods including Skrill. With Skrill's eWallet, you are adding a payment solution with the greatest possible coverage. With more than 200 countries and 40 currencies worldwide, Skrill enjoys a high

level of acceptance in all markets. This eWallet not only enables e-commerce payments, but can also be used for P2P (person-to-person) transactions, in which there is no exchange of information with the person receiving the payment.
